

COVID-19 Laboratory Information Sheet

Your COVID-19 swab will be sent to the laboratory indicated below. We send our samples out daily, and in some cases, multiple times per day. Once the test is received, the results will be returned within 1-3 days.

North West Labs will send you a one-time e-mail containing your PDF COVID-19 TEST RESULTS. Please check your e-mail regularly after your visit (be sure to check your spam/junk folders as well).

EACH FAMILY MEMBER, INCLUDING CHILDREN, WILL REQUIRE A UNIQUE EMAIL ADDRESS TO RECEIVE A RESULT.

Once you receive the e-mail, open the PDF file that is attached. You will be prompted to enter a password, which is your **FOUR DIGIT YEAR OF BIRTH.**

IF YOU DO NOT RECEIVE YOUR RESULTS WITHIN 3 DAYS, PLEASE CALL THE
